

SagePoint Financial, Inc. Business Continuity Disclosure Statement

SagePoint Financial, Inc. is providing you with this document to inform you of its ability to respond to certain business disruptions at your Registered Representative's local office or at the main office of SagePoint Financial, Inc Advisors. Your Registered Representative is associated with SagePoint Financial, Inc. Advisors and, as a result, all transactions that you place through him or her are processed through SagePoint Financial's systems. SagePoint Financial Advisor's ability to respond to business disruptions is therefore important to your relationship with your Representative.

In general, SagePoint Financial maintains a business continuity plan and intends to continue business in the event of a significant business disruption. SagePoint Financial is an introducing broker/dealer and, as such, it relies on its correspondent-clearing firm to perform certain functions on its behalf, including the execution of securities transactions and the maintenance of customer funds and securities. Accordingly, SagePoint Financial's ability to respond to certain business disruptions is partially dependent on our clearing firm.

In the event of a significant business disruption at either the local or main office, SagePoint Financial may route calls to an office location in a separate geographic location and, if necessary, transfer operations to a facility maintained by a third-party vendor. Although SagePoint Financial intends to continue business in the event of a significant business disruption, there are some disruptions that may render SagePoint Financial or your Registered Representative unable to continue business. Under such circumstances, SagePoint Financial will ensure that clients will be able to access their funds and securities within a reasonable time.

To provide clients with up-to-date information during a significant business disruption to your Registered Representative's local office or the main office of SagePoint Financial clients may call SagePoint Financial's emergency telephone number at (800) 552-3319 or visit our emergency information Web page at www.sagepointfinancial.com.

I. SagePoint Financial's Response to Events of Varying Scope.

The following sections describe specific events and SagePoint Financial's corresponding general response to those events. Clients, however, should note that these responses are subject to modification and, depending on the severity of a specific event, SagePoint Financial cannot guarantee that it will be able to follow the stated course of action. If these responses are modified, SagePoint Financial will post the updated disclosure statement on its Web site. In the alternative, you may request from your registered representative that SagePoint Financial send you, by mail, a copy of the updated disclosure statement.

Under the following scenarios, SagePoint Financial intends to continue its business:

A Disruption to a Single Building or Firm-Only Business Disruption

These disruptions may be caused by physical damage, technology problems, or an inability to have personnel arrive at an office. In the event that there is a significant business disruption to a single building or SagePoint Financial's internal primary systems, SagePoint Financial may, if necessary, transfer its operations or route incoming calls to another office in a separate geographic location. From this separate location, SagePoint Financial will accept client orders. In this process, clients may experience a minor delay in reaching SagePoint Financial due to increased client calls, technology delays, or other minor difficulties arising from the transfer of operations. SagePoint Financial expects that operations could be disrupted for up to one (1) hour. If SagePoint Financial's trading platform is affected, there may be a more significant delay. SagePoint Financial, however, will be able to place orders outside the trading platform.

A Business-District, City-Wide, or Regional Disruption

In the event that there is a significant business disruption that affects the business district, city, or region where any of SagePoint Financial's primary systems are located, SagePoint Financial may, if necessary, transfer its operations

or route incoming calls to another office in a separate geographic location office. In this process, clients may experience a minor delay in reaching SagePoint Financial due to increased client calls, technology delays, or other minor difficulties arising from the transfer of operations. If the disruption is significant, SagePoint Financial may transfer its operations to a third-party service provider. In addition, if our clearing firm is affected by the business-district, citywide, or regional disruption, clients may experience additional delays. Nevertheless, SagePoint Financial expects that operations could be disrupted for up to four (4) hours.
